- ❖ Patented Network Cabling Provides Plug-and-Play Connectors, Lay-In Cabling and the Industry's Largest Capacity
- ❖ Lifetime Warranty

EXCEPTIONAL DESIGN. MAXIMUM FLEXIBILITY.

MAISPACE workstations take innovation and design to the next level. Patented, knocked down and ready-to-assemble frames equipped with self aligning connectors simplify moving elements into, and throughout the building, reducing installation costs. Frames provide unobstructed cable pathways top to bottom. Off-modular design allows flexibility in workspace size, configuration and in locating bins, shelves, and divider panels.
